EDUCATION

Rowan University GPA: 3.83/4.0

Ph.D. Candidate, Data Science

Glassboro, NJ

June 2021 --- Present

National Institute of Technology GPA: 3.4/4.0

Bachelor of Engineering, Computer Science and Engineering

Srinagar, India

September 2015 --- June 2019

PUBLICATIONS

Conferences Proceedings:

- M Greenbaum, K Fan, **W Manzoor**, G Guo. "GPU-Accelerated Maximal Quasi-Clique Mining", 2025 IEEE International Conference on Big Data (BigData), 2025.
- **W Manzoor**, K Fan, G Guo, Shaheer Mohammad. "Bound-Tightened Densest Subgraph Discovery on GPU", 2026 ACM SIGMOD/PODS Conference 2026.

Under Review / Preprint:

- **W Manzoor**, Shaheer Mohammad, K Fan, G Guo. "Multi-Query Size-Bounded Community Search on GPUs", Proceedings of SC 2026.
- Shaheer Mohammad, K Fan, **W Manzoor**, G Guo. "GPU-Accelerated Maximal k -Plex Enumeration", Proceedings of the VLDB Volume 19, 2026.

Travel Grant

- Recipient of the SIGMOD 2026 Student Travel Award to attend and present research at the ACM SIGMOD/PODS Conference 2026.

EXPERIENCE

Deloitte USI – Business Analyst

Client 2 : 10x Genomics, Inc.

Srinagar, India. September 2015 --- June 2019

Pleasanton, California, U.S

- Implemented multiple data pipelines between systems like Oracle, Workday, Salesforce, Bynder, Siesmic, Service-now, Stripe, Airtable, Ziflow etc.
- Proactively participating in hyper care activities during go live, code testing, validating the code quality, performing Unit & SIT testing , taking care of test/Prod cutover activities, working on defect/Hot fixes, raising defects to the respective team, coordinating with the co-functional teams, preparing technical design documents, Boomi work procedure documents, deployment checklist and various other necessary reports
- Took part in data migration /data sync activities with connectors like Database (DNN), Salesforce, SAP DW, Coabis, kony, MDM, Zuora etc. and integration support

- Worked closely with a third-party vendor to make the bank integration smoother for the client which involves the process of collecting payment details deposited by the customers against the generated invoice. Integration includes REST APIs using JSON Web Token (JWT) Authentication Method.

Client 1: Gilead Sciences, Inc.

Foster City, California, U.S

- Designed and developed exposed REST API endpoints which were consumed by the IVR Services of a Health Care provider firm. This included designing APIs, JSON structures and swagger docs.
- Collaborated with client's business analysts, developers, and quality analysts to analyze, report, and document issues to help improve the performance and stability of the Application.
- Supported creation of documentation on Process description and technical design of the Application.

Advance Telecom and Data Networking – Intern

Ghaziabad, Delhi

- Worked on different wireless technology
- Took part in client discussions and requirement gathering.
- Supported to analyze and resolve issues and bugs.

SERVICE

Conference Co-Reviewer:

- IEEE International Conference on Big Data (IEEE BigData), 2024.
- IEEE International Conference on Big Data (IEEE BigData), 2025.
- The Web Conference (WWW), 2026.
- Active Member of ACM student chapter Rowan University.
